PROXY STATEMENT

We are providing these proxy materials in connection with the 2019 Annual Meeting of Stockholders of Foundation Building Materials, Inc., or the Annual Meeting. This proxy statement, or the Proxy Statement, the accompanying proxy card or voting instruction card, and the Company's 2018 Annual Report on Form 10-K, or our 2018 Annual Report, are being mailed to stockholders on or about April 12, 2019. These materials contain important information for you to consider when deciding how to vote on the matters to be brought before the Annual Meeting. Please read them carefully. Unless the context otherwise indicates, references to "Foundation Building Materials," "our Company," "the Company," "us," "we" and "our" refer to Foundation Building Materials, Inc. and its consolidated subsidiaries.

ABOUT THE ANNUAL MEETING

Who is soliciting my vote?

The Board of Directors, or Board, of the Company is soliciting your vote in connection with the Annual Meeting.

What is the purpose of the Annual Meeting?

The meeting will be the Company's regular annual meeting of stockholders. You will be voting on the following matters at the Annual Meeting:

1. Election of the three nominees for Class II director named in this Proxy Statement to hold office until the 2022 annual meeting;
2. Approval, on an advisory basis, of the compensation of the Company's named executive officers for the year ended December 31, 2018, as set forth in this Proxy Statement; and
3. Ratification of the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the year ending December 31, 2019.

Stockholders will also act upon such other business that may properly come before the Annual Meeting.

How does the Board recommend I vote?

The Board recommends a vote:

1. **"For"** each of the three nominees for Class II directors named in this Proxy Statement, each to hold office until our 2022 annual meeting of stockholders;
2. **"For"** the approval, on an advisory basis, of the compensation of our named executive officers for the year ended December 31, 2018, as set forth in this Proxy Statement; and
3. **"For"** the ratification of the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the year ending December 31, 2019.

Who is entitled to vote at the Annual Meeting?

The Board set March 26, 2019, as the record date for the Annual Meeting, or the Record Date. All stockholders who owned common stock of the Company at the close of business on the Record Date may attend and vote at the Annual Meeting.

What is the difference between a "stockholder of record" and a "beneficial owner"?

Holders of Record - If, on the Record Date, your shares were registered directly in your name with our transfer agent, Computershare Trust Company, N.A., then you are a "holder of record." As a holder of record, you may vote at the Annual Meeting, or you may vote by proxy. Whether or not you plan to attend the Annual Meeting, we urge you to vote your shares using one of the voting methods described in this Proxy Statement and the Notice. If you are a holder of record and you indicate when voting that you wish to vote as recommended by our Board, or if you submit a vote by proxy without giving specific voting instructions, then the proxyholders will vote your shares as recommended by our Board on all matters described in this Proxy Statement.

Beneficial Owners - If, on the Record Date, your shares were held in an account at a bank, broker, dealer, or other nominee, then you are the "beneficial owner" of shares held in "street name" and this Proxy Statement is being made available to you by that nominee. The nominee holding your account is considered the holder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your nominee on how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the holder of record, you may not vote your shares at the Annual Meeting unless you return the voting instruction card.

Who is entitled to attend the Annual Meeting?

Only persons with evidence of stock ownership as of the Record Date or who are invited guests of the Company may attend and be admitted to the Annual Meeting. Stockholders with evidence of stock ownership as of the Record Date may be accompanied by one guest. Photo identification will be required (e.g., a valid driver's license, state identification or passport). If a stockholder's shares are registered in the name of a broker, trust, bank or other nominee, the stockholder must bring a proxy or a letter from that broker, trust, bank or other nominee or their most recent brokerage account statement that confirms that the stockholder was a beneficial owner of shares of stock of the Company as of the Record Date.

Cameras (including cell phones with photographic capabilities), recording devices and other electronic devices will not be permitted at the Annual Meeting.

How many votes can be cast by stockholders?

Each share of common stock is entitled to one vote. There is no cumulative voting. There were 42,986,683 shares of common stock outstanding and entitled to vote on the Record Date.

What is the quorum requirement for the Annual Meeting?

We need a quorum of stockholders in order to hold the Annual Meeting. A quorum exists when a majority of the voting power of the stock outstanding and entitled to vote as of the record date are present in person or by proxy at the Annual Meeting. If you are present at the Annual Meeting and vote in person or by proxy card or a voting instruction card has been properly submitted by you or on your behalf, or you have voted electronically on the Internet or by telephone, your vote will be counted as present. Both abstentions and broker non-votes are counted as present for the purpose of determining the presence of a quorum.

Which proposals in this Proxy Statement are considered "routine" or "non-routine" matters and how do they cause "broker non-votes"?

If you are a beneficial owner of shares held in street name and do not provide the bank, broker, dealer or other nominee that holds your shares with specific voting instructions, the nominee may generally vote in its discretion on "routine" matters. However, if the nominee that holds your shares does not receive instructions from you on how to vote your shares on a "non-routine" matter, it will be unable to vote your shares on that matter. When this occurs, it is generally referred to as a "broker non-vote." Broker non-votes will be counted for purposes of determining whether a quorum is present at the Annual Meeting.

The election of directors (Proposal 1) and the advisory vote on compensation of the Company's named executive officers (Proposal 2) are considered non-routine matters pursuant to applicable New York Stock Exchange, or NYSE, rules. As a result, a broker or other nominee may not vote without instructions on this matter, so there may be broker non-votes in connection with Proposals 1 and 2.

The ratification of the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm (Proposal 3) is considered a routine matter under applicable rules. A bank, broker or other nominee may generally vote without instructions on this matter, so we do not expect any broker non-votes in connection with Proposal 3.

What are the voting requirements to approve the proposals, and what happens if I do not vote?

Proposal 1. Election of Directors - Each director nominee will be elected by a plurality of the votes cast by the shares present or represented by proxy and entitled to vote. This means that the three individuals nominated for election as Class II directors who receive the most "FOR" votes will be elected. Abstentions and broker non-votes are not counted for purposes of the election of directors and, therefore, will not affect the outcome of the election of directors.

Proposal 2. Advisory Vote on Executive Compensation - To be approved, the compensation of our named executive officers requires the affirmative vote of a majority of the votes cast by the shares present or represented by proxy and entitled to vote. Abstentions have the same effect as a vote against this proposal; "broker non-votes" will not affect the outcome of this proposal.

The results of the advisory vote on the compensation of the Company's named executive officers are not binding on the Board.

Proposal 3. Ratification of Selection of Accounting Firm - To be approved, the proposal to approve, on an advisory basis, the ratification of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the year ending December 31, 2019, requires the affirmative vote of a majority of the shares of common stock present, in person or by proxy, at the Annual Meeting and entitled to vote. Abstentions have the same effect as a vote against the proposals; "broker non-votes" will not affect the outcome of this proposal, although brokers have discretionary authority to vote on ratification of the appointment of Deloitte & Touche LLP if they do not receive voting instructions from the beneficial owner.

Lone Star Fund IX (U.S.), L.P., or, along with its affiliates and associates (excluding us and other companies that it or they own as a result of their investment activities), Lone Star, controlled approximately 28,054,239 of the Company's common stock as of the Record Date through LSF9 Cypress Parent 2 LLC. Lone Star has indicated that it will vote its shares in favor of the three Class II director nominees named in this Proxy Statement and in favor of Proposals 2 and 3. If Lone Star votes as it has indicated, its vote is sufficient to elect the nominees and approve the other proposals set forth in this Proxy Statement.

How Do I Vote by Proxy?

You can vote your shares by completing and returning the proxy card or voting instruction card accompanying this Proxy Statement. You also have the option of voting your shares electronically on the Internet or by telephone. Your Internet or telephone vote authorizes the named proxies to vote your shares in the same manner as if you marked, signed and returned your proxy card or voting instruction card. Please see your proxy card or voting instruction card for more information on how to vote by proxy.

What if I don't vote for some of the items listed on my proxy card or voting instruction card?

If you return your signed proxy card or voting instruction card in the enclosed envelope but do not mark selections, it will be voted in accordance with the recommendations of the Board. Similarly, if you vote electronically on the Internet or by telephone and do not vote on all matters, your shares will be voted in accordance with the recommendations of the Board for the matters on which you do not vote. In connection therewith, the Board has designated Richard J. Tilley and John Gorey as proxies. If you indicate a choice with respect to any matter to be acted upon on your proxy card or voting instruction card, your shares will be voted in accordance with your instructions. Similarly, if you vote electronically on the Internet or by telephone and vote on any matter, your shares will be voted in accordance with your instructions. If any other matter properly comes before the Annual Meeting, the shares will be voted in the discretion of the persons voting pursuant to the respective proxies.

If you are a beneficial owner and hold your shares in street name through a broker or other nominee and do not return the voting instruction card, the broker or other nominee will vote your shares on each matter at the Annual Meeting for which he or she has the requisite discretionary authority. Under applicable rules, brokers have the discretion to vote on routine matters, such as the ratification of the selection of independent registered public accounting firms. However, brokers do not have the discretion to vote on the election of directors or the advisory vote to approve named executive officer compensation.

Who pays for the proxy solicitation and how will the Company solicit votes?

The Company bears the expense of printing and mailing proxy materials. In addition to this solicitation of proxies by mail, the Company's directors, officers and other employees may solicit proxies by personal interview, telephone, facsimile or email. These individuals will not be paid any additional compensation for any such solicitation. The Company will request brokers and other nominees who hold shares of common stock in their names to furnish proxy materials to the beneficial owners of such shares. The Company will reimburse such brokers and other nominees for their reasonable expenses incurred in forwarding solicitation materials to such beneficial owners.

Can I change or revoke my vote after I return my proxy card or voting instruction card?

Yes. Even if you sign and return the proxy card or voting instruction card in the form accompanying this Proxy Statement or you vote electronically over the Internet or by telephone, you retain the power to revoke your proxy or change your vote. You can revoke your proxy or change your vote at any time before the polls are closed at the Annual Meeting by giving written notice to the Secretary of the Company, specifying such revocation. You may also change your vote by timely delivering a valid, later-dated proxy or voting instruction card, a later-dated electronic vote over the Internet or by telephone or by voting in person at the Annual Meeting. However, please note that if you would like to vote at the Annual Meeting and you are not the stockholder of record, you must request, complete and deliver a proxy from your broker or other nominee.

PROPOSAL NO. 1—ELECTION OF DIRECTORS

At the Annual Meeting, stockholders will be asked to elect three directors to serve as Class II directors. The Company's Certificate of Incorporation provides that the Board shall consist of not fewer than one nor more than fifteen directors with the exact number to be determined from time to time by resolution adopted by the Board. The Board currently consists of nine directors. The Company's Certificate of Incorporation divides the Board into three classes with the terms of office of the directors of each class ending in different years. The terms of directors in Classes I, II and III presently end at the annual meetings in 2021, 2019 and 2020, respectively. Each class has three directors.

Our Nominating and Corporate Governance Committee recommended, and our Board has nominated, Ruben Mendoza, Chad Lewis and Chase Hagin for election as Class II directors for three-year terms expiring at the 2022 annual meeting. When elected, directors serve until their successors have been duly elected and qualified or until any such director's earlier resignation or removal. Please see "The Board of Directors and Its Committees" below for information about the nominees for election as directors and the current members of the Board who will continue serving following the Annual Meeting, their business experience and other pertinent information.

Each of Messrs. Mendoza, Lewis and Hagin have consented to being named as a nominee for director and to serve as a director for the full term for which they stand for election.

Proxies cannot be voted for a greater number of persons than the number of nominees named. If you sign and return the accompanying proxy card or voting instruction card or vote electronically over the Internet or by telephone, your shares will be voted for the election of the three nominees recommended by the Board unless you choose to abstain or vote against any of the nominees. If any nominee for any reason is unable to serve or will not serve, proxies may be voted for such substitute nominee as the proxy holder may determine. The Company is not aware of any nominee who will be unable to or will not serve as a director. The Company did not receive any stockholder nominations for director for the Annual Meeting.

Directors are elected by a plurality of the votes cast. This means that the three individuals nominated for election to the Board who receive the most "FOR" votes will be elected. Abstentions and broker non-votes will not affect the outcome of the election of directors.

Our Board unanimously recommends that you vote FOR all nominees.

PROPOSAL NO. 2—ADVISORY VOTE TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

In accordance with Section 14A of the Securities Exchange Act of 1934, as amended, or the Exchange Act, we are providing stockholders with an advisory vote to approve the compensation of our named executive officers, often referred to as a “say-on-pay” vote. The advisory vote is a non-binding vote on the compensation of our named executive officers as described in the tabular disclosure regarding such compensation and the Company’s accompanying narrative disclosure contained in this Proxy Statement. This say-on-pay vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers as described in this Proxy Statement.

In connection with this proposal, you are encouraged to carefully review the executive compensation tables and accompanying narrative discussion contained in this Proxy Statement. The Compensation Committee of the Board believes our executive compensation program is reasonable and aligned with stockholder interests.

Even though this say-on-pay vote is advisory and, therefore, will not be binding on us, our Compensation Committee and our Board value the opinions of our stockholders. Accordingly, to the extent there is a significant vote against the compensation of our named executive officers, we will consider our stockholders’ concerns, and the Compensation Committee will evaluate what actions, if any, may be necessary or appropriate to address those concerns.

Our stockholders are being asked to approve by advisory vote the following resolution relating to the compensation of the named executive officers, as described in this Proxy Statement:

“RESOLVED, that the stockholders of Foundation Building Materials, Inc. (the “Company”) hereby approve, on an advisory basis, the compensation paid to the Company’s named executive officers as disclosed in the compensation tables and accompanying narrative discussion included in the Proxy Statement for the Company’s 2019 Annual Meeting of Stockholders.”

The affirmative vote of a majority of the shares of common stock present, in person or by proxy entitled to vote on this proposal, is required to approve, on an advisory basis, the compensation awarded to named executive officers for the year ended December 31, 2018. Abstentions have the same effect as a vote against this proposal; broker non-votes will not affect the outcome of this proposal.

Our Board unanimously recommends that you vote FOR the approval, on an advisory basis, of the compensation of the Company’s named executive officers.

PROPOSAL NO. 3—RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP

Our Audit Committee has selected Deloitte & Touche LLP, or Deloitte, to audit the consolidated financial statements of the Company as of December 31, 2019, and for the fiscal year then ending. At the Annual Meeting, stockholders will be asked to ratify the appointment of Deloitte.

The Company has been advised by Deloitte that the firm has no relationship with the Company or its subsidiaries other than that arising from the firm's engagement as auditors, tax advisors and consultants. The Company has also been advised that representatives of Deloitte will be present at the Annual Meeting where they will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither the Company's Certificate of Incorporation nor the Company's bylaws require that stockholders ratify the appointment of Deloitte as the Company's independent registered public accounting firm. However, we are requesting ratification because we believe it is a matter of good corporate practice. If the Company's stockholders do not ratify the appointment, the Audit Committee will reconsider whether or not to retain Deloitte, but may, nonetheless, retain Deloitte as the Company's independent registered public accountants. Even if the appointment is ratified, the Audit Committee in its discretion may change the appointment at any time if it determines that the change would be in the best interests of the Company and its stockholders.

The affirmative vote of a majority of the shares of common stock present, in person or by proxy entitled to vote on this proposal, at the Annual Meeting is necessary to ratify the appointment of Deloitte as our independent registered public accounting firm for the fiscal year ending December 31, 2019. Abstentions have the same effect as a vote against this proposal; broker non-votes will not affect the outcome of this proposal, although brokers have discretionary authority to vote on ratification of the appointment of Deloitte if they do not receive voting instructions from the beneficial owner.

The Board unanimously recommends that you vote FOR the ratification of the appointment of Deloitte as the Company's independent registered public accounting firm for the year ending December 31, 2019.

THE BOARD OF DIRECTORS AND ITS COMMITTEES

The Board believes the Board, as a whole, should possess the requisite combination of skills, professional experience, and diversity of backgrounds to oversee the Company’s business. The Board also believes there are certain attributes each individual director should possess, as reflected in the Board’s membership criteria. Accordingly, the Board and the Nominating and Corporate Governance Committee consider the qualifications of directors and director candidates individually as well as in the broader context of the Board’s overall composition and the Company’s current and future needs. The Nominating and Corporate Governance Committee is responsible for periodically reviewing with the Board the appropriate skills and characteristics required of Board members in the context of the current make-up of the Board. This assessment enables the Board to update the skills and experience it seeks in the Board as a whole, and in individual directors, as the Company’s needs evolve. This assessment takes into consideration all factors deemed relevant by the Nominating and Corporate Governance Committee, including the matters described under “Committees of the Board—Nominating and Corporate Governance Committee” below. For incumbent directors, the factors also include past performance on the Board and its committees.

The following table sets forth the names, ages and classifications of the nominees for election as directors as well as the current members of the Board who will continue serving following the Annual Meeting. The table is followed by each individual’s specific experience, qualifications and skills that led the Board to conclude that each such nominee or director should serve on the Board.

Meetings of the Board

The Board holds regularly scheduled meetings throughout the year and holds additional meetings from time to time as the Board deems necessary or desirable to carry out its responsibilities. The Board held eight meetings in fiscal year 2018. All directors attended at least 75% of all meetings of the Board and of the Committees thereof on which they served during the year. None of our directors, other than Mr. Mendoza, attended our 2018 annual meeting of stockholders.

Director Compensation

Each of our independent directors receives an annual retainer of \$65,000 per year for their services, with an additional \$20,000 annual fee for service as chair of the Audit Committee, \$12,000 for service as a member of the Audit Committee, \$10,000 for service as a member of each of the Compensation Committee and Capital and Growth Committee and \$7,500 for service as a member of the Nominating and Corporate Governance Committee. Such cash fees are paid quarterly.

In March 2018, we granted our independent directors an equity award of restricted stock units. Mr. Espe received a grant with a grant date fair value of approximately \$100,000, which restricted stock units vested on the first anniversary of the date of grant in March 2019. Mr. Espe's award was set at a higher value as compared to other directors in recognition of the fact that he does not hold any pool units under our Long Term Incentive Plan. Each of Mr. Khan and Mr. Underhill received grants of restricted stock units with a grant date fair value of approximately \$25,000, which vested on the first anniversary of the date of grant in March 2019. Both Mr. Khan and Mr. Underhill have previously received grants of pool units under our Long Term Incentive Plan prior to our initial public offering, or IPO. For more information on our Long Term Incentive Plan, see "Executive Compensation-Detailed Discussion of 2018 Compensation Program-Long-Term Return-Driven Incentive Compensation" below.

In March 2019, we granted our independent directors an equity award of restricted stock units, which awards will vest in full one year from the grant date. Each director received a grant with a grant date fair value of approximately \$100,000.

In determining the size and make-up of the elements of our director compensation program, our Board and Compensation Committee reviewed market data prepared by the Compensation Committee's compensation consultant, Willis Towers Watson, or WTW, and considered the above-described cash fees and annual equity awards to be appropriate in light of market compensation for non-employee directors of similarly situated companies.

The table below sets forth the compensation paid (or credited) to each of the Company's independent directors during fiscal year 2018. Directors who are also members of management or affiliates with Lone Star are not separately compensated for their services as a director.

As of December 31, 2018, each of our independent directors held the following number of restricted stock units:

Controlled Company Exemption

Lone Star controls more than 50% of the voting power of our common stock in the election of directors. Accordingly, we are and intend to continue availing ourselves of the controlled company exception available under the NYSE rules, which eliminates certain requirements, such as the requirements that a company have a majority of independent directors on its board of directors, that compensation of executive officers be determined, or recommended to the board of directors for determination, by a majority of the independent directors or a compensation committee composed solely of independent directors, and that director nominees be selected, or recommended for the board of directors' selection, by a majority of the independent directors or a nominations committee composed solely of independent directors. In the event that we cease to be a controlled company, we will be required to comply with these provisions within the transition periods specified in the applicable rules. These exemptions do not modify the independence requirements for our Audit Committee, and we comply with the applicable requirements of the Securities and Exchange Commission, or the SEC, and the NYSE with respect to our Audit Committee.

Director Independence

The Board has affirmatively determined that each of Messrs. Espe, Khan and Underhill is independent under the NYSE rules. The NYSE's definition of independence includes a series of objective tests, such as that the director is not an employee of the Company and has not engaged in various types of business dealings involving the Company, which would prevent a director from being independent.

Board Leadership Structure

The Company's Principles of Corporate Governance provide that the Board shall periodically evaluate and make a determination regarding whether or not to separate the roles of Chairman and Chief Executive Officer based upon the circumstances. Currently, the roles are separate and the Board is led by a non-executive Chairman, Mr. Meyer. The Board has determined that having a non-executive Chairman provides significant advantages to the Board, as it allows Mr. Mendoza to focus on the Company's day-to-day operations, while allowing the Chairman to lead our Board in its role of providing oversight and advice to management. The Principles of Corporate Governance, however, provide us with the flexibility to combine these roles in the future, permitting the roles of Chief Executive Officer and Chairman to be filled by the same individual. This provides our Board with flexibility to determine whether the two roles should be combined in the future based on our Company's needs and our Board's assessment of our leadership structure from time to time.

In addition, pursuant to the Company's Principles of Corporate Governance, the independent directors may appoint an independent director to serve as the lead independent director for a period of time as determined by the independent directors as a group. The lead independent director's responsibilities would include such responsibilities delegated thereto by the Board, such as presiding at meetings of the Board at which the Chairman is not present, including executive sessions of the independent directors; approving information sent to the Board; approving the agenda and schedule for Board meetings to provide that there is sufficient time for discussion of all agenda items; serving as liaison between the Chairman and the independent directors; and being available for consultation and communication with major stockholders upon request. Any lead independent director would also have the authority to call executive sessions of the independent directors.

The Board's Role in Risk Oversight

The Board oversees the Company's risk management process. The Board oversees a Company-wide approach to risk management, designed to enhance stockholder value, support the achievement of strategic objectives and improve long-term organizational performance. The Board determines the appropriate level of risk for the Company generally, assesses the specific risks faced by the Company and reviews the steps taken by management to manage those risks. The Board's involvement in setting the Company's business strategy facilitates these assessments and reviews, culminating in the development of a strategy that reflects both the Board's and management's consensus as to appropriate levels of risk and the appropriate measures to manage those risks. Pursuant to this structure, risk is assessed throughout the enterprise, focusing on risks arising out of various aspects of the Company's strategy and the implementation of that strategy, including financial, legal/compliance, operational/strategic, health and safety, and compensation risks. The Board also considers risk when evaluating proposed transactions and other matters presented to the Board, including acquisitions and financial matters.

While the Board maintains the ultimate oversight responsibility for the risk management process, its committees oversee risk in certain specified areas. In particular, the Audit Committee reviews and discusses the Company's practices with respect to risk assessment and risk management. The Audit Committee also focuses on financial risk, including internal controls, and discusses the Company's risk profile with the Company's independent registered public accounting firm. In addition, the Audit Committee oversees the Company's compliance program with respect to legal and regulatory requirements, including the Company's codes of conduct and policies and procedures for monitoring compliance. The Compensation Committee periodically reviews compensation practices and policies to determine whether they encourage excessive risk taking, including an annual review of management's assessment of the risk associated with the Company's compensation programs covering its employees, including executives, and discusses the concept of risk as it relates to the Company's compensation programs. Finally, the Nominating and Corporate Governance Committee manages risks associated with the independence of directors and Board nominees. Management regularly reports on applicable risks to the relevant committee or the Board, as appropriate, including reports on significant Company projects, with additional review or reporting on risks being conducted as needed or as requested by the Board and its committees.

Committees of the Board

The Board has established four standing committees: the Audit Committee, the Compensation Committee, the Nominating and Corporate Governance Committee and the Capital and Growth Committee. Each of these Committees is governed by a charter adopted by the Board.

Audit Committee —The primary responsibilities of our Audit Committee are to oversee the accounting and financial reporting processes of our Company as well as our subsidiary companies and to oversee the internal and external audit processes. The Audit Committee also assists the Board in fulfilling its oversight responsibilities by reviewing the financial information provided to stockholders and others and the system of internal controls established by management and the Board. The Audit Committee oversees the independent auditors, including their independence and objectivity. However, committee members do not act as professional accountants or auditors, and their functions are not intended to duplicate or substitute for the activities of management and the independent auditors.

The Audit Committee is currently composed of three members, Messrs. Espe, Khan and Underhill, with Mr. Underhill serving as chair. Our Board has determined that each of Messrs. Espe, Khan and Underhill is independent, as defined under and required by the federal securities laws and NYSE rules. Our Board has determined that each of Messrs. Khan and Underhill qualifies as an audit committee financial expert under the federal securities laws and that each member of the Audit Committee has the financial sophistication required under NYSE rules. During the fiscal year ended December 31, 2018, the Audit Committee met four times.

Compensation Committee—The primary responsibility of our Compensation Committee is to assist the Board in discharging its responsibilities relating to compensation of the Company’s executive officers and independent directors. This includes reviewing and approving corporate goals and objectives relevant to the compensation of our executive officers and setting compensation for these officers based on those evaluations. Our Compensation Committee also administers and has discretionary authority over the issuance of equity awards under our 2017 Stock Incentive Plan.

The Compensation Committee may delegate its duties to subcommittees, or, with respect to awards made under our 2017 Stock Incentive Plan, to certain of our executive officers. Even where the Compensation Committee does not delegate authority, our executive officers will typically make recommendations to the Compensation Committee regarding compensation to be paid to our executive officers and key employees and the size of equity grants under our equity incentive plan.

The Compensation Committee is composed of three members, Messrs. Espe, Lewis and Meyer, with Mr. Meyer serving as chair. Our Board has determined that Mr. Espe is independent, as defined under NYSE rules. For so long as we are a controlled company, we are not required to have a compensation committee composed entirely of independent directors under NYSE rules. During the fiscal year ended December 31, 2018, the Compensation Committee met four times.

In connection with our IPO, the Compensation Committee engaged WTW to assist in determining the components and amounts of executive compensation. The Compensation Committee retains the right to terminate or replace WTW at any time. WTW advises the Compensation Committee on such compensation matters as are requested by the Compensation Committee. The Compensation Committee considers WTW’s advice on such matters in addition to any other information or factors it considers relevant in making its compensation determinations. The Compensation Committee has considered the factors set forth under the Exchange Act of 1934 Rule 10C-1(b)(4) and other relevant factors and has determined that WTW’s work for the Compensation Committee has not raised any conflicts of interest.

Nominating and Corporate Governance Committee—The primary responsibilities of our Nominating and Corporate Governance Committee are to identify individuals qualified to become Board members (consistent with criteria approved by the Board), recommend director candidates to the Board for election at our annual meeting, develop and recommend to the Board a set of corporate governance principles, and perform a leadership role in shaping the Company’s corporate governance. The Nominating and Corporate Governance Committee is composed of three members, Messrs. Colorado and Hagin and Ms. Navitskas, with Mr. Colorado serving as chair. For so long as we are a controlled company, we are not required to have a nominating and corporate governance committee composed entirely of independent directors under NYSE rules. During the fiscal year ended December 31, 2018, the Nominating and Corporate Governance Committee met three times.

The qualifications that the Nominating and Corporate Governance Committee and Board consider in identifying qualified candidates to serve as directors include age, skills, such as financial background and abilities, education, professional and academic affiliations, industries served, length of service, positions held, and geographies served. While the Nominating and Corporate Governance Committee does not have a formal policy with respect to diversity, it also considers diversity of viewpoints, backgrounds, experience and other demographics in evaluating director candidates. The Nominating and Corporate Governance Committee may also consult with outside advisors or retain search firms to assist in the search for qualified candidates. Once potential candidates are identified, including those candidates nominated by stockholders, the Nominating and Corporate Governance Committee reviews the backgrounds of those candidates. Final candidates are then chosen and interviewed by other Board or management representatives. Based on the interviews, the Nominating and Corporate Governance Committee then makes its recommendation to the Board. If the Board approves the recommendation, the candidate is nominated for election.

Capital and Growth Committee—The Capital and Growth Committee’s primary purpose is to advise management during the early stages of merger, acquisition and divestiture activity. The Capital and Growth Committee has authority to approve management actions with regard to any potential merger, acquisition or divestiture transaction that involves less than \$10 million of consideration. Any merger, acquisition or divestiture transaction involving consideration of \$10 million or more is reviewed by a quorum of the Board and is subject to its approval, in addition to any input from the Capital and Growth Committee, prior to completion. The Capital and Growth Committee is composed of three members, Messrs. Lewis, Meyer and Underhill, with Mr. Meyer serving as chair.

Committee Charters —The Board has adopted formal charters for each of its standing committees. These charters establish the missions of the respective committees as well as committee membership guidelines. They also define the purpose, duties, and responsibilities of each committee in relation to the committee’s role in supporting the Board and assisting the Board in discharging its duties in supervising and governing the Company. The Audit, Compensation and Nominating and Corporate Governance Committee charters are available on the Company’s website at www.fbmsales.com by following the links to “Investors” and “Corporate Governance” or upon written request to the Company, as set forth under “Corporate Governance—Availability of Documents” below.

Pre-Approval Procedures

The Board has adopted a written policy for the pre-approval of certain audit and non-audit services which the Company's independent registered public accounting firm provides. The policy balances the need to ensure the independence of the Company's independent registered public accounting firm while recognizing that in certain situations the Company's independent registered public accounting firm may possess both the technical expertise and knowledge of the Company to best advise the Company on issues and matters in addition to accounting and auditing. In general, the Company's independent registered public accounting firm cannot be engaged to provide any audit or non-audit services unless the engagement is pre-approved by the Audit Committee in compliance with the Sarbanes-Oxley Act of 2002. Certain basic services may also be pre-approved by the Chairman of the Audit Committee under the policy. However, any service that is not specifically pre-approved under the policy must be specifically pre-approved by the Audit Committee if it is to be provided by the independent registered public accounting firm. All of the fees identified in the table above were approved in accordance with SEC requirements and pursuant to the policies and procedures described above.

Named Executive Officers

Our named executive officers, or NEOs, include (1) our principal executive officer, (2) our two other most highly compensated executive officers who were serving as executive officers as of fiscal year end, and (3) up to two additional individuals who would have been among our two other most highly compensated executive officers, but who were not serving as executive officers as of fiscal year end. For 2018, our named executive officers were:

- Ruben Mendoza, President and Chief Executive Officer
- John Gorey, Chief Financial Officer
- Pete Welly, Chief Operating Officer
- Ray Sears, Former Senior Vice President of Mechanical Insulation

Mr. Sears left our Company as part of the divestiture of our mechanical insulation segment in November 2018.

Elements of 2018 Compensation

Element	Description	Objective
Base salary	Fixed level of annual cash compensation, reviewed annually.	Provides a competitive level of base pay designed to attract and retain qualified executives.
Annual incentive compensation	Annual cash performance bonus payable upon attainment of short-term objectives. The total target level of annual incentive compensation is set as a percentage of each individual's base salary. Awards are then earned based on the achievement of such objectives. Payment of annual incentive compensation can range from 0% to 200% of the targeted amount. Our annual incentive program includes a clawback provision.	Motivates executives to drive performance and rewards executives for achievement in key areas of operational and financial performance.
Long-term return-driven incentive compensation	Multi-year, cash-based long-term incentive plan established prior to the Company's IPO entitling participants to potential cash payouts upon designated liquidity events in which Lone Star realizes a specified internal rate of return on its investment.	Motivates and rewards executives for increasing Company value and serves to align executive compensation with our equity holders' realized returns.
Long-term equity incentives	Our NEOs are awarded stock options and restricted stock units, each of which vests ratably over a four-year period.	Directly aligns our executives' interests with those of our stockholders, motivates executives to increase overall stockholder value, develops an ownership culture in the Company, and serves to retain our executives.
Benefits and perquisites	Participation in broad-based employee plans offered to all full-time salaried employees generally, including a 401(k) plan matching contribution of 50% of the employee's 401(k) deferrals up to 2.5% of compensation. Car allowances for certain executives. Reimbursement for club dues for certain executives.	Provides competitive benefits and limited perquisites to attract and retain executives. Most of the benefits offered to our executives are similarly offered to all full-time salaried employees.

Detailed Discussion of 2018 Compensation Program

Base Salary

Base salaries provide our executive officers with a degree of financial certainty and stability. For fiscal year 2018, the Board determined competitive base salary levels for each executive officer using market data and input provided by WTW and the CEO (for all NEOs other than himself) and with consideration given to each executive's role, responsibility, performance and length of service.

For fiscal year 2018, the following base salaries were in effect for our NEOs:

Ruben Mendoza	President, Chief Executive Officer	\$	750,000
John Gorey	Chief Financial Officer	\$	420,000
Pete Welly	Chief Operating Officer	\$	420,000
Ray Sears	Former Senior Vice President of Mechanical Insulation	\$	300,000

All salaries are subject to review on an annual basis by our Compensation Committee and may be subject to future change.

Annual Incentive Plan (AIP)

In fiscal year 2018, the Company maintained an annual incentive plan in which each of our NEOs participated. For 2018, each NEO's target and maximum annual bonus payouts under this plan were as follows:

Name	Target Incentive (as a percentage of annual base salary)	Maximum Incentive (as a percentage of annual base salary)
Ruben Mendoza	100%	200%
John Gorey	70%	140%
Pete Welly	70%	140%
Ray Sears	40%	80%

Each of our NEOs was eligible to earn an annual cash incentive based upon the achievement of a pre-established organic Adjusted EBITDA goal, as well as other strategic goals, set by our Board. The strategic goals, and the relative weighting of each, for each of the NEOs were, as follows:

Name	Organic Adjusted EBITDA	Acquired Adjusted EBITDA	Cash Conversion Cycle	Safety	Complementary Products	Cost Out Initiative
Ruben Mendoza	50%	20%	10%	10%	—%	10%
John Gorey	60%	10%	10%	10%	—%	10%
Pete Welly	60%	—%	10%	10%	10%	10%
Ray Sears	60%	—%	10%	10%	10%	10%

Organic Adjusted EBITDA was selected because many investors currently use organic growth to review the Company's results. Acquired Adjusted EBITDA was selected because a main driver of the Company's growth continued to be acquisitions of building products distributors that supplement the Company's geographic presence and product offerings. Cash conversion cycle was selected because management of cash flow is key to the Company's success. Safety was selected because safer operations are a key commitment of the Company and reduce workers compensation claims, reduce insurance premiums, drive profitability, and we value our employee's safety at work. Complementary Products was selected because growth in complementary products is a key driver of profitability growth for the Company. Finally, the cost out initiative was selected because driving down selling, general and administrative expenses as a percentage of net sales helps to drive an increase in adjusted EBITDA margin, which is a key focus of the Company's investors.

The Company's strategic goals, with threshold, target, maximum, and resulting 2018 funding levels, under the 2018 annual incentive plan were as follows:

Strategic Goals	Threshold	Target	Maximum	2018 Funding as a % of Target
Organic Adjusted EBITDA (in millions)	\$ 160.0	\$ 170.4	\$ 188.0	117%
Acquired Adjusted EBITDA (in millions)	\$ 10.0	\$ 12.0	\$ 18.0	115%
Cash Conversion Cycle (in days)	61.9 days	61.5 days	60.7 days	87%
Safety (days to report incidents)	2.4 days	2.1 days	1.1 days	200%
Complementary Products (percent)	7.2%	9.0%	10.8%	54%
Cost Out Initiative (percent)	21.79%	21.59%	21.29%	200%

For fiscal year 2018, the Board determined that it was appropriate to include the results of our former mechanical insulation segment as if the Company had owned the segment for the entire year. Organic Adjusted EBITDA was calculated as net income adjusted to eliminate the effects of net interest expense, income tax benefit, depreciation and amortization, unrealized non-cash gain on derivative financial instruments, IPO and public company readiness expenses, stock-based compensation expenses, non-cash purchase accounting effects, loss on the disposal of property and equipment, hurricane-related costs, transaction costs, decrease in our tax receivable agreement liability, foreign exchange gain, board fees, and acquired adjusted EBITDA. The Organic Adjusted EBITDA strategic goal results of \$173.5 million for fiscal year 2018 exceeded the target of \$170.4 million set under the 2018 annual incentive plan. To determine whether the Acquired Adjusted EBITDA strategic goal was met, the trailing twelve months of EBITDA prior to closing for each acquisition in fiscal year 2018 was adjusted to eliminate the effects, if any, of one-time litigation costs, ownership expenses, excess salaries, above-market lease payments, synergies and one-time bonus payments, and the results were aggregated. The Board determined that the Acquired Adjusted EBITDA target of \$12.0 million under the 2018 annual incentive plan was exceeded. The Board reviewed the results related to the Company's cash conversion cycle and determined that, after removing the effects of pre-buys, the results missed the target under the 2018 annual incentive plan. The Board determined the Company had reduced the days to report safety incidents to less than 1.1 days on average, reaching the maximum level under the 2018 annual incentive plan. The Board determined that the threshold related to complementary products had been met. Finally, the Board determined that the cost out initiative results had exceeded the maximum level. In February 2019, the Board determined the final payouts under the 2018 annual incentive plan were as follows for each NEO:

Name ⁽¹⁾	Actual AIP Payout (as a percentage of target)	Actual AIP Payout (in dollars)
Ruben Mendoza	130.3%	\$ 977,448
John Gorey	130.5%	\$ 383,793
Pete Welly	124.4%	\$ 365,726

⁽¹⁾Mr. Sears is not included in the table above because he was not an employee as of December 31, 2018 due to the sale of our mechanical insulation segment, and thus did not receive a 2018 annual incentive plan payment.

Long-Term Return-Driven Incentive Compensation

Following the Lone Star acquisition of the Company, Lone Star implemented the Long Term Incentive Plan, or LTIP. Under the LTIP, participants were granted pool units entitling them, subject to the terms of the LTIP, to a potential cash payout upon certain monetization events. The Company maintains and is responsible for the LTIP. Each of our NEOs and certain members of our Board participate in the LTIP. On October 9, 2015, Mr. Mendoza was awarded 155,000 pool units under the LTIP. Mr. Gorey and Mr. Welly were each awarded 60,000 pool units under the LTIP. Mr. Sears was granted 20,000 pool units in August 2016.

As of December 31, 2018, the other members of management and independent directors held an aggregate of 600,000 pool units under the LTIP. The total number of pool units authorized under the LTIP is 1,000,000. As of December 31, 2018, 895,000 pool units (out of the 1,000,000 maximum) were issued and outstanding under the LTIP.

A total of thirty percent of the pool units granted to each NEO vest ratably over each of the first three anniversaries of the LTIP award agreement, with the remaining 70% of the pool units remaining unvested until the award expires. In general, unvested pool units will be forfeited upon any termination of employment (provided that if the termination is without Cause or for Good Reason (in each case, as defined in the LTIP) or due to death or disability, the pool units will nonetheless remain outstanding for six months). In addition, in general, vested pool units will automatically be forfeited on the latter of the fifth anniversary of the grant date or the date the participant terminates continuous employment. The value of a participant's pool units is determined as of the closing date of each monetization event relative to that participant's interest in the incentive pool, calculated as the number of outstanding pool units (whether or not vested) then held by the individual participant, divided by 1,000,000 (the total number of pool units authorized under the LTIP). The amount of proceeds received by Lone Star in connection with a monetization event that is to be credited to the incentive pool under the LTIP in connection with such monetization event will be based upon the cumulative internal rate of return realized upon a monetization event by Lone Star. In addition, the incentive pool will not be credited with any amounts and no payouts will be made unless such internal rate of return is at least 15%. Payments under the LTIP, if any, will be made in cash within sixty days after the closing of each applicable monetization event. As of December 31, 2018, no such monetization event had occurred. The amount that will be credited to the incentive pool upon each monetization event is summarized in the table and footnotes below:

Cumulative IRR ⁽¹⁾	Amount to Credit to Incentive Pool
14.99% or less	—
15% up to 20.0%	9.5% of marginal Proceeds that result in Cumulative IRR in excess of 15%
20.1% up to 25.0%	12.0% of marginal Proceeds that result in Cumulative IRR in excess of 20.1%
25.1% up to 35.0%	14.0% of marginal Proceeds that result in Cumulative IRR in excess of 25.1%
35.1% up to 50%	17.0% of marginal Proceeds that result in Cumulative IRR in excess of 35.1%
50.1% up to 100.0%	19.0% of marginal Proceeds that result in Cumulative IRR in excess of 50.1%
Over 100%	9.5% of marginal Proceeds that result in Cumulative IRR in excess of 100%

⁽¹⁾ Cumulative IRR means the aggregate cumulative after tax internal rate of return, compounded annually, that is realized by Lone Star from its direct or indirect investment in the Company from the effective date through the date of the applicable monetization event, as reported by Lone Star.

Generally, for purposes of the LTIP, a monetization event occurs if and when:

- Lone Star sells, transfers or otherwise disposes of all or a portion of their direct and indirect ownership interests in the Company or a respective successor entity (whether through a direct sale, merger, consolidation, reorganization, or other similar transaction) to an unrelated third party for cash;
- a firm commitment underwritten public offering of the equity interests of the Company or a respective successor entity that is registered under the Securities Act of 1933 in which Lone Star sells all or a portion of their direct and indirect ownership interests in the Company or a respective successor entity, as applicable, in such public offering; or
- the direct or indirect payment by the Company of any cash distributions to Lone Star (including in connection with a sale of the assets of the Company or a respective successor entity).

Long-term Equity Incentives

In connection with our IPO, we adopted the 2017 Stock Incentive Plan. On March 19, 2018, our Board approved the following grants of stock options and restricted stock units to our NEOs. Each stock option has an exercise price of \$15.40 and each of these awards vests in four equal annual installments on each of March 12, 2019, 2020, 2021 and 2022. In determining the size of the awards, the Compensation Committee took into consideration prior long-term incentives granted under the LTIP, competitive-market long-term incentive data, total pay positioning after the awards were made, and the potential contributions of each executive to the future success of the Company. Generally, the executive's target grant value was split evenly among restricted stock units and stock options. The Compensation Committee considered the long-term incentive value mix to be appropriate because the mix encouraged retention through the time-based restricted stock units and also aligned our NEO's interests with our stockholders by providing value through an increase in our stock price through the stock options. The Committee also took into consideration the LTIP when reviewing the long-term equity incentive mix to grant post-IPO equity awards. The Committee views the LTIP as a performance-based long-term incentive program.

Name	Stock Options	Restricted Stock Units
Ruben Mendoza	102,319	48,701
John Gorey	28,137	13,392
Pete Welly	38,369	18,262
Ray Sears	10,231	9,233

Our Compensation Committee currently intends to make equity awards to our executive officers and other key employees in the first quarter of each fiscal year, and anticipates continuing to use RSUs, stock options, and other forms of long-term incentives as part of our compensation program going forward. Per the terms of our 2017 Stock Incentive Plan, stock options will only be granted with an exercise price of at least the fair market value of our common stock on the date of grant and underwater options may not be repriced without stockholder approval.

Benefits and Prerequisites

We maintain a tax qualified 401(k) defined contribution plan for the benefit of our employees. Under the 401(k) plan, employees (including the current NEOs) are permitted to elect to reduce their current compensation by up to the statutorily prescribed annual limit and to have the amount of such reduction contributed to the 401(k) plan. The Company does not provide executive officers with any enhanced retirement benefits (i.e., executive officers are subject to the same limits on contributions as other employees, as the Company does not offer any supplemental executive retirement plan or other similar non-qualified deferred compensation plan), and they are eligible for 401(k) company-match contributions under the same terms as other employees. The amount of any matching contributions made on behalf of each NEO is reflected in the “All Other Compensation” column of the Summary Compensation Table below.

We provide other benefits to our executive officers that are intended to be part of a competitive overall compensation program and are not tied to any company performance criteria. Consistent with our goal of ensuring that executive compensation is perceived as fair by employees, the Company offers medical, dental, vision, life and disability insurance plans to executive officers under the same terms as such benefits are offered to other employees. Each NEO other than Mr. Welly also receives an auto allowance and the Company pays certain club membership dues for Mr. Mendoza and Mr. Welly, which amounts are reflected in the “All Other Compensation” column of the Summary Compensation Table below.

Other Compensation Considerations

Clawback Provision in Annual Incentive Plan

The Company’s 2017, 2018 and 2019 annual incentive plans include a clawback provision that states that the Company and the Board reserve the right to require return of an award if it is determined after the payment of the award that the individual or corporate performance upon which the award was based were improperly represented to management, the Compensation Committee or the Board.

Hedging Policies

Our insider trading policy prohibits our executive officers from engaging in short-term or speculative transactions in Company securities, including short-term trading, short sales, transactions involving publicly traded options or other derivatives, such as trades in puts or calls in Company securities, and hedging transactions.

Compensation Peers

Our Compensation Committee, in consultation with WTW, selected a peer group against which the Compensation Committee benchmarked and analyzed the compensation of our executives when setting 2018 compensation levels. As for 2018, the peer group was selected primarily based on industry (with the Global Industry Classification Standard, or GICS, as Trading Companies and Distributors (majority of companies); Building Products; Distributors; or Homebuilding) and company size (generally 0.5X - 2.5X the Company’s revenue; similar market capitalization and EBITDA), and reflects companies where we compete for talent. Our peer group for 2018 continued to be comprised of the following 15 companies:

Watsco, Inc.
MRC Global Inc.
Applied Industrial Technologies, Inc.
Kaman Corporation
Armstrong World Industries, Inc.

Beacon Roofing Supply, Inc.
MSC Industrial Direct Co., Inc.
GMS, Inc.
TopBuild Corp.
DXP Enterprises, Inc.

BMC Stock Holdings, Inc.
Pool Corporation
Bluelinx Holdings Inc.
SiteOne Landscape Supply, Inc.
Simpson Manufacturing, Inc.

The peer group median revenue for fiscal year 2017 was \$2.3 billion (ranged from \$894 million to \$4.4 billion) which compared with the Company's revenue for fiscal year 2017 of approximately \$1.8 billion. This peer group provides the Compensation Committee with market data regarding similar companies and aided the Compensation Committee in making decisions around our NEO's compensation. In addition to proxy data for the peer companies, the Compensation Committee reviews published "general industry" survey compensation data from the WTW Total Compensation Database for each NEO position. Data was compiled for companies with approximately \$1 billion in annual revenue. The Compensation Committee generally benchmarked base salary, non-equity incentive plan target award levels versus payouts and long-term incentive awards to determine 2018 compensation. Such data is only one of many factors considered by the Compensation Committee in determining NEO compensation, but generally, the Compensation Committee determined that the Company's compensation was in line (e.g., targets the approximate 50th percentile) with its peer group and the published survey data sources.

Employment Agreements with Named Executive Officers

Each of Messrs. Mendoza, Gorey and Welly entered into an employment agreement with Foundation Building Materials, LLC, our operating subsidiary, effective as of October 9, 2015, in connection with the Lone Star acquisition of the Company. Mr. Sears entered into an employment agreement with Foundation Building Materials, LLC upon consummation of our acquisition of Winroc-SPI in August 2016. These employment agreements all generally follow the same form, except as indicated below. The employment agreements establish each NEO's initial annual base salary and annual incentive plan target bonus (as a percentage of base salary). Under his employment agreement, Mr. Mendoza is also entitled to receive a reimbursement for an auto lease payment of no more than \$2,300 per month. The Company is also required to reimburse Messrs. Mendoza and Welly for certain club membership costs. Each employment agreement also sets forth certain severance provisions that apply in the event that the executive is terminated without Cause (as defined in the employment agreement), resigns for Good Reason (as defined in the employment agreement), or terminates employment as a result of death or disability. Each employment agreement contains a number of restrictive covenants, including a 12-month post termination employee non-solicitation provision, confidentiality obligations, intellectual property assignment provisions and a mutual non-disparagement covenant. In addition, Mr. Sears' employment agreement included a \$5,000 lump sum payment in the event of termination without Cause or resignation for Good Reason.

SECURITY OWNERSHIP

The following table presents information regarding the beneficial ownership of our common stock as of March 26, 2019, by:

- our named executive officers;
- our directors;
- all of our directors and executive officers as a group; and
- each stockholder known by us to be the beneficial owner of more than 5% of our common stock.

We have determined beneficial ownership in accordance with the rules of the SEC, which generally includes voting or investment power over securities. Except in cases where community property laws apply or as indicated in the footnotes to this table, we believe, based on the information furnished to us, that each stockholder identified in the table possesses sole voting and investment power over all shares of common stock shown as beneficially owned by the stockholder. Shares of common stock subject to equity awards that are exercisable or have vested, or will become exercisable or will vest, as applicable, within 60 days of March 26, 2019, are considered outstanding and beneficially owned by the person holding the options or restricted stock units for the purpose of computing the percentage ownership of that person but are not treated as outstanding for the purpose of computing the percentage ownership of any other person.

The information presented in this table is based on 42,986,683 shares of our common stock outstanding on March 26, 2019. The information provided in the table is based on our records, information filed with the SEC, and information provided to us, except where otherwise noted.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors and executive officers and persons who own beneficially more than ten percent of a registered class of the Company's equity securities to file with the SEC initial reports of ownership and reports of changes in ownership of common stock and other equity securities of the Company. Officers, directors and greater than ten-percent stockholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms filed by them. To the Company's knowledge, based solely on a review of the copies of such filings on file with the Company and written representations from its directors and executive officers, all Section 16(a) filing requirements applicable to the Company's directors, officers and greater-than-ten-percent beneficial owners were completed on a timely basis during the fiscal year ended December 31, 2018.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Relationships with Lone Star and its Affiliates

Lone Star beneficially owns 65.3% of our outstanding common stock as of the Record Date.

For as long as Lone Star and its affiliates continue to beneficially own shares of common stock representing more than a majority of the voting power of our common stock, they will be able to direct the election of all of the members of our Board and exercise a controlling influence over our business and affairs, including any determinations with respect to mergers or other business combinations, the acquisition or disposition of assets, the incurrence of indebtedness, the issuance of any additional common stock or other equity securities, the repurchase or redemption of common stock and the payment of dividends. Similarly, Lone Star will have the power to determine matters submitted to a vote of our stockholders without the consent of our other stockholders, will have the power to prevent a change in our control and could take other actions that might be favorable to them.

Lone Star is not subject to any contractual obligations to retain its controlling interest. There can be no assurance as to the period of time during which Lone Star will maintain its beneficial ownership of our common stock. Lone Star will have rights to cause us to register its shares as described under “—Registration Rights Agreement” below.

Registration Rights Agreement

We entered into a registration rights agreement with Lone Star in connection with our IPO. The terms of the registration rights agreement include provisions for demand registration rights and piggyback registration rights in favor of Lone Star. The registration rights agreement will not provide for the payment of any consideration by us to Lone Star if a registration statement for the resale of shares of common stock held by Lone Star is not declared effective or if the effectiveness is not maintained. 28,054,239 shares of our common stock are entitled to these registration rights.

Tax Receivable Agreement

We entered into a tax receivable agreement with Lone Star at the time of the IPO. We and our subsidiaries have generated, or are expected to generate, the Covered Tax Benefits, which may reduce the actual liability for certain taxes that we might otherwise be required to pay. These Covered Tax Benefits include: (i) all depreciation and amortization deductions, and any offset to taxable income and gain or increase to taxable loss, resulting from the tax basis that we have in our assets as of the time of the IPO, (ii) the utilization of our and our subsidiaries' net operating losses and tax credits, if any, attributable to periods prior to the IPO, (iii) deductions in respect of payments made, funded or reimbursed by Lone Star under the LTIP, (discussed below), (iv) deductions in respect of transaction expenses attributable to certain acquisitions made by us prior to the IPO, (v) deductions in respect of the debt issuance costs and original issue discount associated with certain of our financing agreements, (vi) deductions in respect of offering-related expenses and (vii) certain other tax benefits attributable to payments made under the tax receivable agreement. The tax receivable agreement provides for payments to Lone Star in an amount equal to 90% of the aggregate reduction in U.S. federal, state, local and non-U.S. income taxes payable realized by us and our subsidiaries (using an assumed combined state and local tax rate of 5%) from the utilization of such Covered Tax Benefits.

The obligations under the tax receivable agreement are our obligations and not obligations of our subsidiaries and are not conditioned upon Lone Star maintaining a continued direct or indirect ownership interest in us. For purposes of the tax receivable agreement, the aggregate reduction in income tax payable by us will be computed by comparing our actual income tax liability with our hypothetical liability had we not been able to utilize the Covered Tax Benefits, taking into account several assumptions and adjustments, including, for example, that:

- we will pay state and local tax at a rate of 5%, even though our actual effective state and local tax rate may be materially lower;
- tax benefits existing at the time of the offering are deemed to be utilized before any post-closing/after-acquired tax benefits;
- a non-taxable transfer of assets by us to a non-consolidated entity is treated under the tax receivable agreement as a taxable sale at fair market value; and
- a taxable sale or other taxable transfer of subsidiary stock by us (in cases where the subsidiary's tax basis in its assets exceeds our tax basis in the subsidiary's stock) is treated under the tax receivable agreement as a taxable sale of the subsidiary's assets.

The foregoing assumptions and adjustments could cause us to be required to make payments under the tax receivable agreement that are significantly greater than the benefits we realize in respect of the Covered Tax Benefits.

The tax receivable agreement will remain in effect until all such Covered Tax Benefits have been used or expired, unless the agreement is terminated early, as described below.

We expect that the payments we make under the tax receivable agreement could be substantial. Assuming no material changes in the relevant tax law, and that we and our subsidiaries earn sufficient taxable income to realize the full tax benefits subject to the tax receivable agreement, we expect that future payments under the tax receivable agreement will total approximately \$117.9 million as of the Record Date (excluding any payments that may be made to Lone Star under the tax receivable agreement as a result of tax benefits recognized in connection with payments under the LTIP). Depending on the amount and timing of our future earnings (if any) and on other factors, including the effect of any limitations imposed on our ability to use the Covered Tax Benefits, it is possible that all payments required under the tax receivable agreement could become due within a relatively short period of time. The actual amount and utilization of the Covered Tax Benefits, as well as the amount and timing of any payments under the tax receivable agreement, will vary depending upon a number of factors, including the amount, character and timing of our and our subsidiaries' taxable income in the future.

Payments under the tax receivable agreement are generally due within a specified period of time following the filing of our tax return for the taxable year with respect to which the payment obligation arises, but interest on such payments will begin to accrue at a rate of LIBOR plus 300 basis points from the due date (without extensions) of such tax return. Late payments will generally accrue interest at a rate of LIBOR plus 625 basis points.

The tax receivable agreement provides that if, at any time, we elect an early termination of the tax receivable agreement with approval of a majority of our independent directors and with Lone Star's consent, we are in material breach of our obligations under the agreement, certain credit events described in the tax receivable agreement occur with respect to us, Lone Star elects to terminate the tax receivable agreement following certain changes of control or Lone Star elects to terminate the tax receivable agreement on or after the fifteenth anniversary of the IPO, we would be required to make an immediate payment equal to the present value of the anticipated future tax benefits to Lone Star. Such payment would be based on certain valuation assumptions, including the assumption that we and our subsidiaries have sufficient taxable income and tax liabilities to fully utilize such tax benefits. We may elect to completely terminate the tax receivable agreement early only with the written approval of Lone Star. The tax receivable agreement also provides that, in the event that Lone Star does not elect to terminate the tax receivable agreement upon certain changes of control, our (or our successor's) payments under the tax receivable agreement for each taxable year after any such event would be based on certain valuation assumptions, including the assumption that we and our subsidiaries have sufficient taxable income to fully utilize the Covered Tax Benefits. Accordingly, payments under the tax receivable agreement may be made years in advance of the actual realization, if any, of the anticipated future tax benefits and may be significantly greater than the benefits we realize in respect of the tax attributes subject to the tax receivable agreement.

In addition, were the Internal Revenue Service to successfully challenge the availability or amount of any of the Covered Tax Benefits, Lone Star would not reimburse us for any payments previously made under the tax receivable agreement, but future payments under the tax receivable agreement, if any, would be netted against any unreimbursed payments to reflect the result of any such successful challenge by the Internal Revenue Service. As a result, we could make payments under the tax receivable agreement in excess of our actual cash savings in income tax.

We have full responsibility and sole discretion over all tax matters concerning the Company. However, we are required to notify Lone Star of any audit by a taxing authority, the outcome of which is reasonably expected to affect Lone Star's rights under the tax receivable agreement. We do not have the right to enter into any settlement of such an audit without the consent of Lone Star (not to be unreasonably withheld, conditioned or delayed). For so long as the tax receivable agreement remains outstanding, without the prior written consent of Lone Star (not to be unreasonably withheld, conditioned or delayed), we are restricted from (x) entering into any agreement or amendment, after Lone Star ceases to control the Company, that would materially restrict (or in the case of amendments, further restrict beyond the restrictions in the Company's existing financing agreements) our ability to make payments under the tax receivable agreement, or (y) unless permitted by the terms of our term loan facility, or Term Loan, and our asset based lending credit facility, or the ABL Credit Agreement, or any replacement senior debt document to the extent that the terms thereof are no less restrictive in this regard than the Term Loan and the ABL Credit Agreement, incurring debt that would cause our consolidated total leverage ratio (the ratio of consolidated total indebtedness for borrowed money less balance sheet cash to consolidated EBITDA) to exceed 6.00 to 1.00. In addition, we are prohibited under the tax receivable agreement from replacing our existing financing agreements with any senior debt document that does not permit our subsidiaries to make dividends to us to the extent necessary to make the payments under the tax receivable agreement, without conditions, unless Lone Star otherwise consents.

Certain risks related to the tax receivable agreement are discussed in greater detail in Item 1A, Risk Factors, in our Form 10-K for the year ended December 31, 2018.

Executive Officer and Director Indemnification Agreements

Our amended and restated bylaws permit us to indemnify our executive officers and directors to the fullest extent permitted by law, subject to limited exceptions. We have entered into indemnification agreements with each of our executive officers and directors that provide, in general, that we will indemnify them to the fullest extent permitted by law in connection with their service to us or on our behalf.

STOCKHOLDERS' PROPOSALS

Only stockholders meeting certain criteria outlined in the Company's Bylaws are eligible to submit nominations for election to the Board or to bring other proper business before an annual meeting. Under the Company's Bylaws, stockholders who wish to nominate persons for election to the Board or bring other proper business before an annual meeting must give proper notice to the Company not later than the close of business on the 90th day nor earlier than the close of business on the 120th day prior to the first anniversary of the preceding year's annual meeting; provided, however, that in the event that the date of the annual meeting is more than 30 days before or more than 70 days after such anniversary date, notice by the stockholder to be timely must be delivered not earlier than the close of business on the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the date on which public announcement of the date of such meeting is first made by the Company. Therefore, notices regarding nominations of persons for election to the Board and other proper business for consideration at the 2020 annual meeting of stockholders must be submitted to the Company no earlier than January 16, 2020 and no later than February 15, 2020. Notices regarding nominations and other proper business must include certain information concerning the nominee or the proposal and the proponent's ownership of common stock of the Company, in each case as set forth in the Company's Bylaws. Nominations or other proposals not meeting these requirements will not be entertained at the annual meeting. Notices must be delivered to the Secretary of the Company in writing at its principle executive offices at Foundation Building Materials, Inc., 2741 Walnut Avenue, Suite 200, Tustin, CA 92780. If timely notice of a matter is not received by the Company (or if notice is timely but the stockholder fails to satisfy the requirements of SEC Rule 14a-4), then the proxies named on the proxy cards distributed by the Company for the annual meeting may use the discretionary voting authority granted to them by the proxy card if the matter is raised at the Annual Meeting.

In order to be included in the Company's proxy statement and form of proxy relating to the 2020 annual meeting, stockholder proposals must be received by the Secretary of the Company no later than December 6, 2019.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as “householding,” can provide extra convenience for stockholders and cost savings for companies. The Company and some brokers household proxy materials, delivering a single proxy statement to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders.

Once you have received notice from your broker or the Company that they or the Company will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate Proxy Statement, or if you are receiving multiple copies of the Proxy Statement and wish to receive only one, please notify your broker if your shares are held in a brokerage account or the Company if you hold common stock directly. Any such requests to the Company in writing should be addressed to: Foundation Building Materials, Inc., 2741 Walnut Avenue, Suite 200, Tustin, CA 92780, Attention: Investor Relations or by calling (714) 380-3127.
